

Mechanical Service Contractors Canada

Chrysler Canada

The **Mechanical Service Contractors of Canada** is excited to announce its new Commercial Vehicle Fleet Purchase Discount Program Partner, **Chrysler Canada**.

How Does It Work...

Members can deal directly with their local Chrysler dealership and need only identify themselves as MCA Canada members, and provide the exclusive **Fleet Account Number #G0152** to receive discounts and concessions representing thousands of dollars in savings on Chrysler, Jeep, and Dodge products.

The Vehicles...

Chrysler's fleet catalogue of available vehicles include award-winning minivans, world famous Jeep SUV's, rugged Ram trucks and their complete line of elegant passenger vehicles. The 2008 collection also includes exciting new additions including the Dodge Caliber, Jeep Patriot and Compass, Chrysler Aspen and Dodge Nitro

The line-up of Chrysler, Jeep and Dodge vehicles are backed by a 5 year or 100,000 kilometre, transferable powertrain warranty...plus 24 hour roadside assistance.

The Savings Are Unbelievable...

Depending on the vehicle, MSCC's discount could be more than **\$10,000.00**...and this discount is applied to the dealers cost, not the manufacturers suggested retail price that you see in the window, ensuring even further savings!!

Website & Contact Information....

With Chrysler's convenient website, www.fleet.daimlerchrysler.ca, you can view the vehicle lineup, track your order status, conduct recall inquiries and check out the latest Fleet Allowances. For further information contact your local Chrysler dealer, or call Mike Young at Chrysler Fleet management at (905) 821-6096, email him at my1@daimlerchrysler.com, or call the MSCC office, (613) 232-0492.
